ABOUT MAD CANOPIES

Born in 2009 out of the ashes of the Great Financial Crash, MAD Canopies was created with a simple objective - to help brands elevate themselves above the masses with high quality stylish, customized event collateral delivered on budget, and on time.

With our full range of Instant Canopies, StarShades, Inflatable Structures, Games and Furniture, MAD Canopies caters to every budget and every requirement, no matter the size.

All our systems can be assembled and dis-assembled in a under 30 minutes by just 2 people and can be used on any ground

surface. Our entire range is fully printable, providing a unique opportunity to promote your brand.

With headquarters in Dubai, UAE and Delaware, USA, MAD Canopies can deliver World-wide, with industry leading manufacture timelines.

Our friendly and professional team can help you find the structure that's the perfect size, design and price for your brand, along with the accessories to match.

Discover why the World's leading brands trust MAD Canopies, contact us today!

INSTANT CANOPIES

Our most popular range of tents, due to their value for money, ease of use and durability. Straight out of our factory in the USA, the Instant Canopy range has acquired legendary status amongst our loyal customers.

The Instant Canopy range provides great versatility and excellent visual appeal. Four sizes are available — 3x3m, 3x4.5m, 3x6m and 4x8m — with 17 bold colour choices to cover your space. The graphic possibilities are boundless. Choose screen printing or full-colour edge-to-edge digital printing. Freestanding on soft and hard surfaces, each unit comes with a wheel bag and ballast set.

All of the range can be set up in a matter of minutes by 2 people, with options for powder coated steel or aluminium frames, and commercial grade 500 Denier polyester tops and walls. Use your Instant Canopy repeatedly in all weather conditions, including intense sun.

Weight (kgs): 124.00

STAR RANGE

Your brand truly becomes the star of the show when housed within the striking designs of the StarShade and StarTwin range. Although some of our competitors have tried to copy our design, none can match the quality and majesty of our original Star Range.

The Star Range is perfect for outdoor bars at festivals, wedding receptions, product displays and provides unique branding opportunities.

The tension-fabric structures can be set up in 15-30 minutes by just two people. Supported by a single or twin center pole, the tent requires a ground depth that will allow 30-inch stakes, or can be set up on hard surfaces using our new StarShade plates. Each of our six different sized models fold down into carry bags which fit in the trunk of most standard vehicles. When you need to keep the weather out, our side panels quickly and easily enclose your StarShade and can be printed with graphics to match .

Discover why StarShades are used by international brands the World over!

INFLATABLE TENT

Our inflatable tents combine inflatable technology with rigid support structures to create a unique product that is designed to withstand harsh weather conditions and environments. Fully printable, they are the perfect communication tool for exhibitions, outdoor events and extreme events. The inflatables are fully optional, the roofs and walls are removable and the tents can be joined together with 5x5m and 6x6m sizes.

Packing into easy to carry backpacks, our Inflatable Tents are ideal for travelling roadshows and international events.

STAR LOUNGE

One of the new kids on the block, our Star Lounge® range combines functionality with extraordinary ambience: By using the integrated LED-BAND, the inflatable support structure can be illuminated into 16.7 million different colour moods and light intensities.

You can control all the functions like colour shade, intensity and lighting effects easily by using the touch-remote-control.

Like all of our products the Star Lounge® can be customized individually. The customization of the colours for the canopy and side parts can be freely selected from our colour palette and adjusted to suit your needs, and we also full edge to edge printing to create a stunning centre piece for your brand.

MAD AIR ROOF

A great alternative to traditional marquees, the all new MAD Air Roof range combines dynamic, visually striking design with ease of installation and transport. Available in custom sizes, colours and branding options, with no hardware or pole, the MAD Air Roof is the next evolution in the event structures.

RACE ARCHES

MAD Canopies are a market leader in inflatable race arches, with our well-earned reputation for designing and manufacturing high quality customized arches for major sporting events Worldwide.

We will help design an arch inflatable to meet your special event or finish line needs, including shape, size, custom colours and assorted branding areas. Your inflatable arch can be permanently branded or made with interchangeable banner areas.

INFLATABLE GAMES

Inflatable games are a fun, interactive way of promoting your brand. Whether you are looking for inflatable target walls, football goals, pitches or complete obstacle courses, we can help you design the ultimate experience for your audience.

We've helped countless customers take their business to the next level with creative inflatable games – discover how we can help you

INFLATABLE REPLICAS

Bolster your brand with a large replica! This is one of the most effective ways of gaining attention for your brand at events, with replicas that can be made up to 10 meters tall!

Inflatable replicas are a unique way of advertising your products, and we can produce just about anything you need for your next tradeshow or outdoor event. From inflatable kiosks and booths with your product incorporated to exact replicas of your product

INFLATABLE FURNITURE

Discover our collection of inflatable furniture that is fully customizable, can be used in its clear Crystal form or illuminated with LED lighting inside. Our pack includes these three products: the inflatable Maki table, the inflatable sofa Brick, and the inflatable armchair Cubrick.

Customize your inflatable furniture to reflect your brand. Differentiate yourself from “déjà vu” products by personalizing your products and simplifying your life at future events!

With full sublimation printing, the possibilities of personalization are endless: large logos, patterns, images on the whole surface of our products. Our sublimated polyester covers are made to measure for each customer within 15 days.
